WHO WE ARE

Puranova is a partner to major global brands in pumping, lighting, smart buildings and automation sectors. We define tangible opportunities for savings and enhanced productivity, design the perfect solution, and deliver it to homes, buildings, utility and industries across the region.

OUR VISION

Deliver customer value to 1 million buildings and homes across the globe; defined as energy saved, premises secured, productivity increased, revenue generated, or comfort and convenience enhanced.

OUR MISSION

Employ engineering and technology to create intelligent living and working environments that are more secure, comfortable, convenient, energy-efficient, environment-friendly, productive and even better-looking; while building long-term relationships with our stakeholders.

TEAM & CULTURE

Puranova family consists of experienced, dedicated and resourceful professionals. Our culture ensures a family-work environment; enabling people to unleash their creativity, serve clients with dedication and integrity; simply because they enjoy having satisfied and trusting clients; who seek their help, time and again.

OUR BUSINESSES

PURANOVA

PUMPING

Our pumping and solar pumping solutions move the right amount of water to where it should be, using as little energy as possible

PURANOVA

LIGHTING

We design, supply and install world-class, smart, innovative and energy saving LED Lighting and lighting control solutions for buildings & Outdoor facilities of all types

PURANOVA

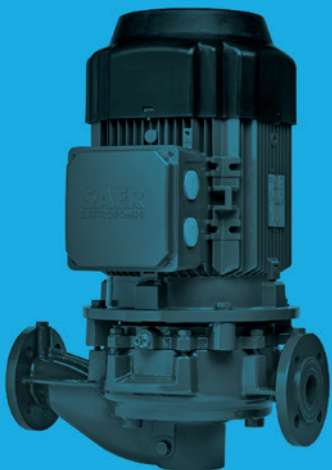

SMART BUILDINGS

Known for premium quality, Puranova creates intelligent infrastructure by designing and integrating smart ELV security and automation solutions into buildings of all types

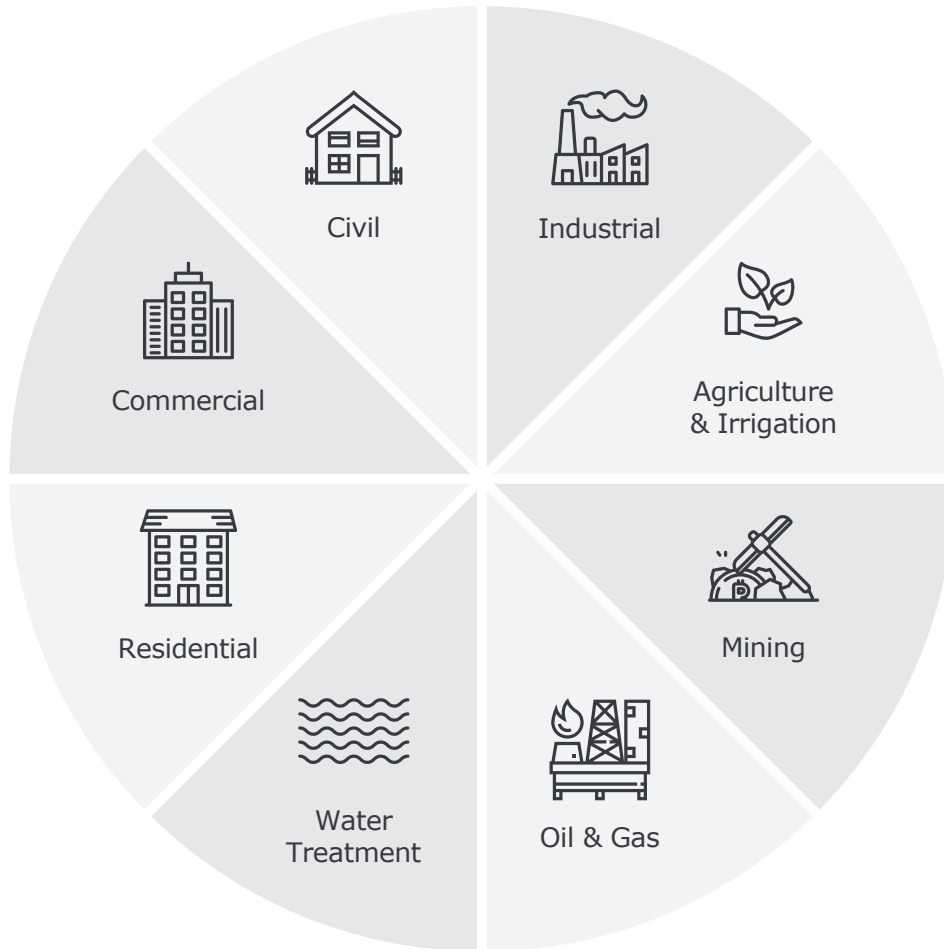

PURANOVA

AUTOMATION

The one stop shop for Industrial automation and digital enterprise solutions including process instrumentation & drive technology

SECTORS & APPLICATIONS

METALLURGY

Electrical Pumps

Submersible Pumps

- Stainless Steel Submersible pumps
- Sewage & Drainage pumps
- Monobloc Domestic pumps

Surface Pumps

- Close-coupled in-line
- Vertical Multistage
- Horizontal Multistage
- Single stage Monobloc
- Single Stage Bare Shaft
- HR Rate split casing
- Domestic

Special Application Pumps

- Pressurization Systems
- Floating Impeller
- Std. with Rigid Coupling
- Drain & Sewage dry inst.
- Gear
- Diesel
- Sea water
- Oil & Gas
